WE ARE
OLIVE MEDIA

ABOUT US

We are **Creative**

One of the best marketing tools available today is video. With modern production tools, one can post a video online for the world to see in a matter of seconds. Better the quality, better the consumer response. Tell us about your idea or concept, we will turn it into professional visual image and get it online for the whole world to see.

We are an Abu Dhabi- based production company, with the best production talent , We have worked for a number of clients including leading Indian, English and Regional channels. Using the most advanced equipments in the industry, the company's creative team works with clients on all aspects of video production from concept to distribution.
